

# Temple Guard Mystery

Difficulty: Medium

In the mysterious ancient temple, three guards—Kai, Luna, and Rex—each carry a different weapon: spear, bow, or sword, and each discovered a different hidden gem: ruby, sapphire, or emerald. Use the clues to figure out who has which weapon and found which gem.

## Clues

1. Luna did not find the sapphire; nor did she find the emerald. The guard with the bow found the emerald.

2. Rex does not have the sword; Kai does not have the spear.

3. The guard with the sword did not find the ruby.
